Student Assessment
This class uses a plus/minors grading system. Roughly, >=85 A, >=70 B, and >=55 C.

Your grades are based on individual quizzes (10%), group assignments (10%), two midterm exams (25% each), and a final exam (30%).

Quizzes: All quizzes are distributed on compass on Wednesdays after midnight and are due Wednesdays of the next week by 11:30pm. There are 12 quizzes in total and each quiz has 15 questions. Quizzes must be submitted by the due date and time to be graded. There is no extension (not possible technically). You are allowed unlimited attempts at each quiz before the due date and time; only the attempt with the highest score will be counted. You can drop two sets of quizzes with the lowest grade.

Assignments: You can download the assignment at the beginning of the semester from compass. All assignments are done in groups of two. You can form the group based on your own preferences. There are 11 sets of assignments in total. Two sets with the lowest grade will be dropped. All assignments are due on Thursdays at the beginning of the class. No late homework will be accepted. The last set of homework is collected in my office at 18A DKH on the reading day (Thursday May 3rd, 1-3pm)

Exams: All exams are non-accumulative. Roughly 80% of the exam is multiple choices and 20% is short answers and quick calculations. Two midterms are scheduled in class on Feb. 15th and March 15th; both are on Thursdays. The final exam is scheduled on Monday, May 8th, 7-9:30pm. Please let me know as soon as possible if you have known conflicts with these dates. Should an unforeseeable event arise, you
must contact me before or within 24 hours of the exam; otherwise you will automatically receive a zero grade.

To qualify for a make-up exam, you must provide proof to show that you physically can’t be present to take the exam on the scheduled exam dates. In the case that you are ill, an absence letter from the Student Assistance Center in the Office of the Dean of Students (3rd floor of the Turner Student Services Center. Phone 333-0050) also has to be provided to me eventually.

On the day of exam, you must bring your student ID. Other than calculators (scientific, graphing, accounting, or four-function) and writing utensils, no other items are allowed to be with you during exams. Scratch paper will be provided to you, if needed. All electronic devices must be turned off and put in your backpack, stacked away from you. Students found to be using unapproved items are in violation of the Academic Integrity Policy of the University and will be subject to disciplinary action.

**Re-grading:** All re-grading requests must be made no later than one week after exams are returned to you.

**Students with disabilities:** Students who require non-standard examination conditions please let me know as soon as possible. Final Exam Policy is available at: http://studentcode.illinois.edu/article3_part2_3-201.html

From the University’s final exam conflict policy:
Any student having more than two consecutive final examinations is entitled to rescheduling as follows if he or she takes the following action no later than the last day of classes:

- The student must investigate whether a conflict examination is being held at another time for any of the examinations involved.
- If a conflict examination has been scheduled for any of the courses, the student must take one or more of these conflict examinations. If conflict examinations are offered for more than one course, the student must take the conflict for the course that has the largest number of students.
- If no conflict examinations have been scheduled, the student must contact the instructor of the course having the largest number of students. The contact must be made no later than the last day of classes, and that instructor must provide a makeup examination.
- Normally in a semester several combined-sections, conflict, and noncombined examinations are given at the same time. As a guide to resolving conflicts, an order of priority has been established within each examination period, and a student should resolve a conflict using the published examination schedules and the following priority guidelines.
  - National and state professional examinations (e.g., CPA, actuarial science, Architecture Registration Examination) take priority over campus final examinations. An instructor must offer a conflict examination to a student scheduled to take a national or state professional examination and a campus final examination at the same time.
  - A noncombined course examination has precedence over any combined-sections or conflict examination.
  - A department offering a combined-sections final examination must provide a conflict examination if required to accommodate student conflicts.

Academic Integrity Policy is available at http://studentcode.illinois.edu/article1_part4_1-401.html.

“The University has the responsibility for maintaining academic integrity so as to protect the quality of education and research on our campus and to protect those who depend upon our integrity.

Expectations of Students. It is the responsibility of each student to refrain from infractions of academic integrity, from conduct that may lead to suspicion of such infractions, and from conduct that aids others in such infractions. Students have been given notice of this Part by virtue of its publication. Regardless of whether a student has actually read this Part, a student is charged with knowledge of it. Ignorance is not a defense.”
